DISCOVER A NEW
WAY OF LIVING.

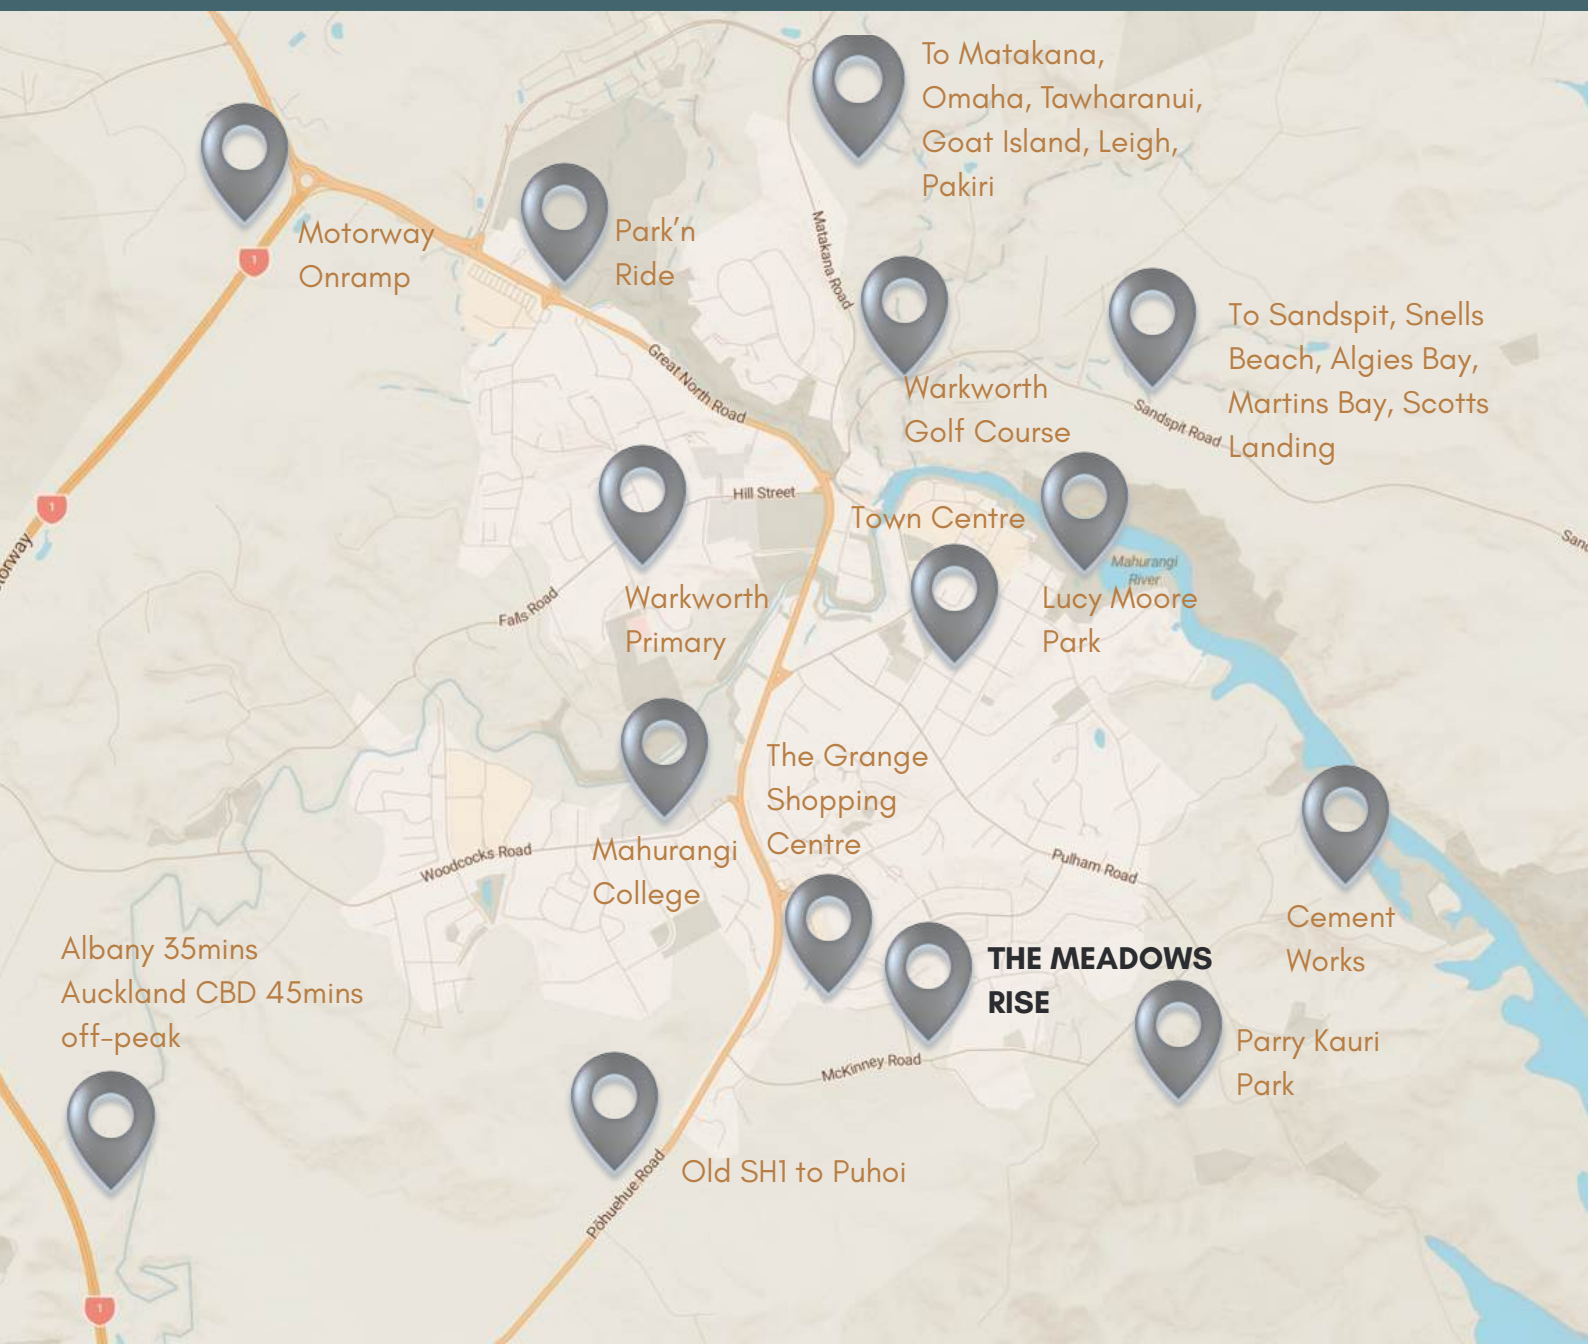

DISCOVER AN INCREDIBLE, LAID
BACK COAST & COUNTRY
LIFESTYLE ON YOUR DOORSTEP.

LOCATION

The Meadows Rise is Warkworth's first comprehensive townhouse development. Discover a quaint village community, countryside tranquility, good coastal access, and the conveniences of urban living.

A walkway adjacent to The Meadows Rise leads to the Grange shopping centre providing a range of services including a gym, day care centre, coffee shops, eateries, a wine store, a hairdresser and more. There are great schools within walking distance and a number of childcare options available close by. Sport, horse riding and surf clubs play a big part in life for our kids.

Just 35mins to Albany, commuting has become very do-able with both private and public bus services running daily.

HOW TO BUY

MEADOWS RISE

1

Sign a Sale & Purchase Agreement

We will walk you through the S&P agreement. If you're happy with the details of the home, you'll sign the agreement and enter your due diligence period.

2

Due Diligence

Engage with your solicitor, broker and other technical experts to ensure you're comfortable with your decision. You can walk away with no obligation if it's not the right fit for you.

3

Unconditional

Once your due diligence is satisfied you will pay a deposit to be held in the solicitor's trust account. You are now unconditional and won't pay anything else until settlement.

4

Settlement

Complete a pre-settlement inspection of the finished home. Pay the balance of the purchase price. Enjoy your brand new home!

WARRANTY

Golden Homes are our builder of choice. They have perfected their craft down to the tiniest details, resulting in their very own Gold Standard Building System.

The Gold Standard Building System is where every aspect of building your home comes together in one superior package and ensures that your home stands out above the rest.

Golden Homes have a 1-year defects warranty and a 10-year structural warranty.

Here's what makes the Gold Standard Building System a better home.

Start with a strong foundation – RibRaft concrete floor that performs better with an insulation rating up to R2.2.

Lighter, more durable roofing – Metal tile or longrun roofing that is lightweight and easy to maintain.

Natural ventilation – installation of natural air integrated ventilators.

Weathertight windows and frames – specifically designed so the extruded frames are directly fixed to the ZOG steel framing to provide superior strength and security against weather conditions.

A warmer, better insulated home – R7.0 ceiling insulation and R2.5 wall insulation.

A durable, protective shield – Home-RAB thermal barrier sheets so your steel framing is well protected from any temperature fluctuations.

Fire resistant – ZOG steel roof purlins, steel fascia and spouting ZOG steel framing, plus fire retardant roofing paper and interior wall board.

ZOG steel framing that stands the test of time – NZ made ZOG framing can withstand major seismic activity, can't rot or mould.

Thermally isolated double-glazed windows – together with Low E Xcel glass give a warmer, drier home.

Energy efficient – LED lights use up to 80% less energy. Plus, the insulation will keep home both cool and warm.

Long-lasting colour inside and out – Resene Spacecote is exceptionally durable, abrasion-resistant and easily cleaned finish.

RESIDENT SOCIETY

MEADOWS RISE

The purpose of a Resident Association is to manage and maintain shared common areas.

Your property will have a freehold Title which means you own the land and the home built on it. There are common areas and facilities within the development and the Residents Society helps manage and maintain these shared facilities. The Resident Association fee ensures the common areas of the development are safe and well-maintained. The common areas include the laneways, landscaping, general maintenance and infrastructure costs.
